

Logo & Symbol

Our logo is often the first visual element people associate with our brand. It features two key components: the main logo composed by the wordmark (*‘Cultural Infusion’*) and our symbol (The spiral).

Use the logo with care. It should always be given enough space to stand out and must never appear crowded, diminished, or overlooked.

Horizontal

Use this horizontal logo when the layout allows for a wider format. It’s one of two official logo variations and should be chosen when it offers the best clarity and legibility. Always maintain clear space around the logo equal to the height of the lowercase letter “o”. This ensures the logo remains prominent and uncluttered.

If you're uncertain about logo placement or usage, feel free to contact us.
